Testimonials

“fastIEP is what I’ve been looking for for about 30 years.”

Joanna Mock
Director of Student Services

“It has been the easiest program by far that we have ever used on this campus.”

“I never felt that kind of relief -- that all documentation and data were collected.”

Jennifer McMahan
Special Ed. Director

“Lifesaver! That’s the word I would use to describe fastIEP.”

I tried to collect my own digital data with Google forms and Google sheets but it just never worked the way I wanted it to and I spent so much time on them every time a new IEP was created.

Thank you so much for creating this!”
